European Stroke Conference 2007

Thanks to all the investigators who attended the ENOS Launch Meeting on 29 May 2007 at the ESC, with presentations from the Trial Team in Nottingham and Chris Chen in Singapore. The International Advisory Committee, held after the Launch, was well attended with representatives from 8 countries.

International Advisory Committee Dinner (l to r)

Philip Bath, Chief Investigator, UK
Gordan Gubitz, Canada
Anna Czlonkowska, Poland
Maciej Niewede, Poland

The ENOS Stand, ESC, 2007

Tanya Payne, UK Centre
Coordinator
Sally Utton, Trial Manager

Data Monitoring Committee

The Data Monitoring Committee (DMC) reviewed data up to 16 April 2007 and had no concerns. The next DMC will go ahead in December 2007.

Congratulations to....

- Doncaster Royal Infirmary and Scunthorpe General Hospital, UK and University of Kelaniya, Sri Lanka for randomising their first ENOS patients.
- Tian Tan, China and Dunedin, NZ for randomising 5 patients since 1 November 2006 and achieving their £100 bonus.
- Edinburgh Western General for recruiting the 700th ENOS patient.
- All Investigators: June 2007 was the highest ever month for recruitment at 32 patients.

CT Upload Announcement

The CT upload facility on the ENOS web-site is now available. Instructions on how to upload files are available on the ENOS web-site, in a new CT upload SOP.

UK Investigator Meeting

The agenda for the UK Investigator Meeting has now been sent out. The meeting will be held at the University of Nottingham Jubilee Campus 11/12 September. Please confirm your attendance to: enos@nottingham.ac.uk.

Tip of the month

For centres collecting ENOS bloods...

In order to help keep a track of the blood samples taken for the trial we have now produced a standard blood sample freezer log form. It is available from the ENOS website. All biological samples must be labelled and a log kept and this form provides a standardised way of doing this. Please record your samples and pass it on to use when we collect the blood samples from you.

Using drop down menus on the database....

Make sure you click into the next field on the database, as the scroll button on your mouse can change your previous entry without you realising it.

*****Recently Updated Forms*****

- * Protocol violations and deviations v1.0
- * Recording a SUSAR SOPs GTN/no GTN and Stop/Continue v1.3
- * SOPs: National Coordinating Centres v1.0; Site Monitoring Visit v1.0; Scan Upload v1.0
- * Blood sample freezer log form v1.0; * Data query form v 1.2
- * GP letter v 1.2
- * Reminder: We are on v2.8 of all Patient/Relative Information Sheet and Consent/Assent forms.

All forms can be downloaded from the web-site (Forms page after login)

**ENOS now has 42 centres in 12 countries.
More centres are very welcome.**
