ENOS in India

A warm welcome to new Investigators joining the trial in India. The National Coordinating Centre for India, headed by Professor Kameshwar Prasad at the All India Institute of Medical Sciences, New Delhi joined the trial in June 2008. ENOS will host an investigators' meeting for all current and potential centres in India during the Asian-Oceanian and Indian Academy of Neurology Conference in New Delhi in October 2008.

Professor Kameshwar Prasad

European Stroke Conference

Thank you to all collaborators that visited our stand at ESC in Nice in May and for attending the well attended ENOS/IST3 Investigator Meeting.

Congratulations to....

- Adam Kobayashi, Institute of Psychiatry and Neurology, Warsaw for publishing ENOS paper in Poland: Neurologia i Neurochirurgia Polska 2008; 42,2.
- Blackpool Victoria Hospital for consistently recruiting the target of 1-2 patients a month for the last 9 months.
- Derby Hospitals for recruiting their first 5 patients in 2 months and achieving £100 bonus.
- Dunedin Hospital, NZ for recruiting 4 patients in May 2008.
- Royal Preston Hospital and Victoria Hospital, Kirkcaldy, Fife, UK for recruiting their first patients.

Welcome back to Singapore General Hospital who recruited their first patient in May after a temporary break in recruitment.

World Stroke Conference

ENOS and the STICH trial are jointly hosting a stand in Vienna at the World Stroke Conference from 24-27 September 2008. We look forward to meeting with attending collaborators. Conference details are on the website below:
<http://www.kenes.com/stroke2008/>

Patient CT/MR Scans

If you arrange to burn the CT/MR images of your ENOS patients onto a CD/DVD, it is imperative that patient details such as Name, Date of Birth, Hospital No/ID are not written on the surface of the CD/DVD, as this would reveal the identity of the patient and violate Data Protection rules. Please simply label the CD/DVD with the following information only - Trial Number, Patient Initials and Centre Number.
